Profile Summary

Marketing analyst focused on campaign performance, customer retention, and turning data into decisions, with hands-on reporting experience in QuickBooks, Excel, and GA4, and SQL, Power BI, SPSS, and A/B testing from graduate coursework and self-directed practice. Holds an M.S. in Marketing Analytics & Insights (Wright State University, May 2026) with a concurrent Graduate Certificate in Digital Marketing. Earlier training in counseling psychology and work running mental wellbeing programs in Nepal shape a research minded interest in why people behave the way the data says they do.

Professional Experience

Marketing & Business Development Analyst at *Golden City Wholesale LLC, Monroe, OH* Aug 2026 to Present

- Own end-to-end retention outreach for a recurring **40 to 60 account** customer base tracked in QuickBooks, deciding which accounts to re-engage when new inventory arrives and driving outreach by phone, WhatsApp, and email.
- Produce targeted product content, including short-form TikTok and WhatsApp videos and digital catalogs, tailored to customer segments to drive repeat purchases across a 250+ account customer base.
- Manage the company's Google Business Profile end to end, posting updates, responding to reviews, and tracking monthly visit and engagement trends to inform outreach timing.
- Analyze QuickBooks sales reports to identify fast-moving SKUs, high-frequency repeat buyers, and aged inventory, driving proactive reorder decisions and pre-season stocking to prevent stockouts during peak demand periods.
- Run market and competitor research to inform outreach and content strategy.

Sales and Social Media Marketing Intern at *Golden City Wholesale LLC, Monroe, OH* May 2025 to Apr 2026

- Ran paid Facebook ad campaigns alongside organic posting and one-to-one telemarketing and email outreach across WhatsApp to convert prospects; generated **44 leads** and converted **23 to recurring customers (52% conversion rate)**.
- Tracked campaign and lead performance using Excel based reporting, flagging underperforming outreach before it reached stakeholders.
- Identified **3 competitive positioning gaps** through market and competitor research, delivering management-ready reports to stakeholders.

Marketing & Communications Coordinator at *Umanga Nepal, Kathmandu, Nepal* Oct 2021 to Nov 2023

Official title: Program Coordinator & Psycho-social Counselor

- Circulated and analyzed Google Form based participant surveys across **10+ community programs** reaching **500+ participants**, tracking results in Google Sheets and growing organic social reach **40%** through data informed messaging.
- Personally led on-the-ground content creation and participant engagement at program events, while independently writing and pitching funding and sponsorship proposals to government agencies and external partners.
- Built and launched the organization's website on WordPress.

Data Specialist at *CloudFactory Nepal, Kathmandu, Nepal* Oct 2019 to Nov 2023

- Served as Team Captain overseeing task assignment, training, and quality coaching for a **32 to 35 person** data team, reporting performance to Team Leads while holding a client-mandated sub-1% error rate across **10M+ records**.
- Reviewed and validated data entry across high volume datasets in Advanced Excel and Google Sheets, identifying and resolving quality issues before client reporting.

Freelance Content Writer at *Kukoo Multimedia, Bangalore, India* 2019

- Wrote blog content for an IT and digital marketing training institute, translating technical course offerings (digital marketing, web design, programming) into clear, audience-friendly articles.

Applied Psychology & Research

- Completed "Counseling on Access to Lethal Means," Zero Suicide Institute (Jan 2023), covering suicide risk assessment and safety planning.
- Delivered the WHO Problem Management Plus (PM+) five session intervention with a client (2021), tracking outcomes with PSYCHLOPS and WHODAS 2.0 before and after.
- Completed individual counseling casework (2021 to 2022) with session by session outcome tracking, plus supervised field visits to ten mental health and social service institutions in Kathmandu.
- Completed a ten instrument psychological assessment battery covering personality, cognitive ability, emotional intelligence, and clinical screening (2020 to 2022).

- Published “Social Media and Technology Dilemma,” Journal of Discursive Psychology, Tribhuvan University (2021); wrote literature reviews on depression among college students in Nepal and on person-centered therapy.

Featured Projects

WSU Graduate Program Recruitment Campaign (Multi-Channel Digital Marketing) 2025

Google Search · Google Display · Facebook Ads · LinkedIn · Influencer Marketing · Budget Management

- Within a 5 person team, personally drove content, paid promotion, and budget allocation across Google Search, Google Display, Facebook, LinkedIn, and influencer channels promoting Wright State University’s MS in Social and Applied Economics program to prospective students in Pokhara, Nepal, managing a **\$1,897** total budget.
- The Google Search campaign alone drove **3,413 clicks** at a **\$0.29 CPC**; combined Google Ads channels generated **11.4K clicks** and **463 conversions** over **51 days**.

College Life Satisfaction Survey Analysis, Wright State University 2025

SPSS · Hypothesis Testing · ANOVA · Regression

- Designed and analyzed a satisfaction survey using chi-square, t-test, ANOVA, and regression tests in SPSS; identified a statistically significant satisfaction gap by academic year (**F = 11.423, p < 0.001**) and translated findings into a clear, actionable summary for stakeholders.

Customer Purchase Behavior Prediction, RapidMiner 2025

RapidMiner · Predictive Modeling · ROC/AUC · Lift Analysis

- Built and compared Neural Network, Decision Tree, K-NN, and Naive Bayes classification models to predict customer purchase behavior; selected the Neural Network model (**AUC 0.597**), the top performer of the four.
- Used lift and cumulative profit analysis to identify the top 30% of prospects as the highest-lift targeting segment (**1.17x lift** over random), projecting **\$22,625** in profit when the model was scaled to a 500,000-customer base.

Coffee Chain Sales & Profit Analysis, Tableau 2025

Tableau · Data Visualization · Profit Margin Analysis

- Analyzed a national coffee chain’s sales, profit, and margin data across product types, markets, and states; identified California as the top sales market while flagging specific underperforming SKUs with negative margins.

Social Media Competitor Analysis, Wright State University 2024

Social Media Analytics · Competitive Benchmarking · Content Strategy

- Within a 5 person team, personally led data collection, comparative analysis, and chart generation to benchmark a university’s Facebook and Instagram content against a competitor, identifying posting and content patterns driving performance gaps.

Volunteer Experience

Volunteer at Behbood The Society (NGO), Dehradun, India Jan 2018 to Dec 2019

- Managed multiple projects and activities, including the Nayi Disha literacy initiative and community drives.

Education

M.S. Marketing Analytics & Insights, Wright State University, Dayton, OH May 2026
