Professional Experience

Marketing Analyst & Digital Campaign Specialist — *Golden City Wholesale LLC – B2B, Monroe, OH* May 2025 – Apr 2026

- Developed and maintained KPI dashboards using Power BI, Looker Studio, and Advanced Excel across **30–40 B2B accounts**; tracked campaign and account performance metrics contributing to a **25% improvement in customer retention**
- Managed and analyzed digital advertising campaigns across Google Ads, Facebook Ads, and GA4; applied UTM tracking, multi-touch attribution, and A/B testing to monitor performance and identify optimization opportunities
- Conducted competitive intelligence analysis and market research identifying **3 strategic positioning gaps** adopted directly into Q3 go-to-market strategy
- Applied SQL querying techniques and Advanced Excel to validate data accuracy across CRM and reporting systems; delivered recurring performance reports and executive presentations to cross-functional stakeholders

Marketing & Communications Coordinator — *Umanga Nepal (Mental Health NGO), Kathmandu, Nepal* Oct 2021 – Nov 2023

- Conducted quantitative survey-based research across **500+** program participants; applied statistical analysis and cross-tabulation methods to identify behavioral trends and deliver data-driven insights that grew organic reach by **40%**
- Planned and executed multi-channel campaigns across email, PPC, SEO, and social media; developed performance reports and stakeholder-facing recommendations for donor and partner audiences

Data Specialist (Part-Time) — *CloudFactory Nepal, Kathmandu, Nepal* Oct 2019 – Nov 2023

- Led a **30-person** data team across **10M+** records; assigned tasks, reviewed output quality, conducted QA, trained new hires, and reported performance metrics to management
- Built Excel reporting frameworks and maintained data quality and integrity standards supporting downstream analytical and machine learning pipelines

Featured Projects

Consumer Segmentation & Statistical Modeling - Wright State University 2026

SPSS · RapidMiner · SQL · Power BI · Advanced Excel

- Applied SQL querying, statistical analysis, and regression modeling to segment **8,000+** consumer records; identified **five behavioral clusters** and high-LTV cohorts; built Power BI dashboards translating findings into actionable go-to-market recommendations

Multi-Channel Campaign Analytics - Wright State University 2024

Google Ads · GA4 · Facebook Ads · LinkedIn Ads · Mailchimp · Advanced Excel · UTM Tracking

- Executed a multi-channel paid media campaign across Google Ads, Facebook Ads, LinkedIn Ads, and GA4; drove **3,413 clicks at \$0.29 CPC** with **463 conversions** on a **\$1,897** budget over **51 days**; tracked full-funnel performance through UTM attribution

Personal Marketing Analytics Platform - Self-Directed 2026

GA4 · Google Tag Manager · AI-Enabled Tools (Claude, ChatGPT)

- Implemented GA4 and Google Tag Manager tracking on a self-managed content platform; applied AI-enabled tools for research synthesis, data analysis automation, and marketing performance reporting
